

# Business Online & Mobile Banking

## Quick Reference Guide

First National Bank  
and Trust Company<sup>®</sup>

## First Time Login to Business Online

### Gather Information

To login, you need your **Company ID**, **Username** and **Temporary Password**.

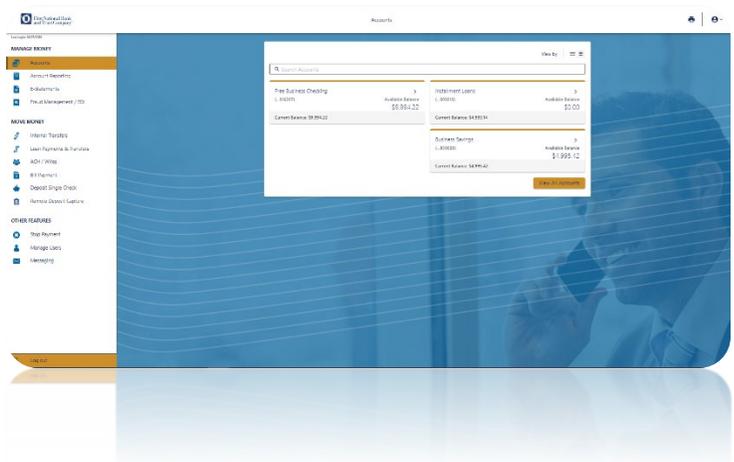

- **Company ID:** We will provide your company ID via email.
- **Username:** We will provide your username via email.
- **Password:** We will provide you a temporary password via email.

### Web Browser Compatibility

**Important!** For the best online banking experience in our systems, be sure to use one of the following internet browsers: Microsoft Edge, Chrome, Safari, or Firefox. Internet Explorer is not a compatible browser with our online banking environment.

### Login

1. Login from the home page of [www.bankatfirstnational.com](http://www.bankatfirstnational.com) by selecting the 'Business' radio button.
2. Enter your numeric **Company ID**
3. Enter your **Username** and **Temporary Password**
4. Select the Login button
5. If this is your first time login, and you entered the correct information, you will be prompted to change your password. If not, your **Company ID**, **Username**, or temporary password were entered incorrectly. Try again or call 888-255-2114 for assistance.
6. Your **New Password** Must Contain:
  - Minimum 8 Digits
  - 1 Lower Case Letter
  - 1 Upper Case Letter
  - 1 Number
  - 1 Special Character
7. When complete, you will arrive at the Business Online Dashboard.

## Online Service Highlights

**Mobile Banking App:** Go to the Apple App Store or Google Play to download the Business Mobile Banking App. You will use the same Company ID, Username, and Password you use for Business Online. In the App Stores, search for “FNBT Business Mobile Banking”. The app icon will look like this:

### Wire and / or ACH Transactions:

- Initiate Wire or ACH transactions at your own convenience and store templates for future transactions.
- Wire and ACH users need to download and install the Symantec VIP digital token. Each business user with Wire or ACH initiate or approve permissions will download their own Symantec VIP digital token.
- When processing, you will be prompted to enter a Security Code from your Symantec VIP digital token. This is the code from your Symantec VIP Digital Token.

### Fraud Management / EDI (Check Positive Pay, ACH Blocks & Filters, EDI):

- The cut off time for making 'Pay' or 'Return' decisions on Check or ACH exception items is **11:00 am CT**
- The default decision for all exception items is '**Return**'. You may change a '**Return**' decision on an exception item to '**Pay**' before 11 a.m. CT if you choose.
- **11:00 am CT is a hard cut off time** (automatic system generated) - if this deadline is missed, items will be automatically returned.
- SMS Text notifications are available, in addition to email notifications, to alert you via text and email when an exception presents against your account.

#### Remote Deposit Capture & Check Scanner:

- Deposit checks electronically using Remote Deposit Capture
- Get instant access to deposit information while eliminating trips to the bank.
- You will be required to login to the Remote Deposit Capture system. Your username is the same as your Business Online username. The first time you login, your password is the same as the temporary password used to login to Business Online.

[Quick Guide for Installing Your New Scanner →](#)

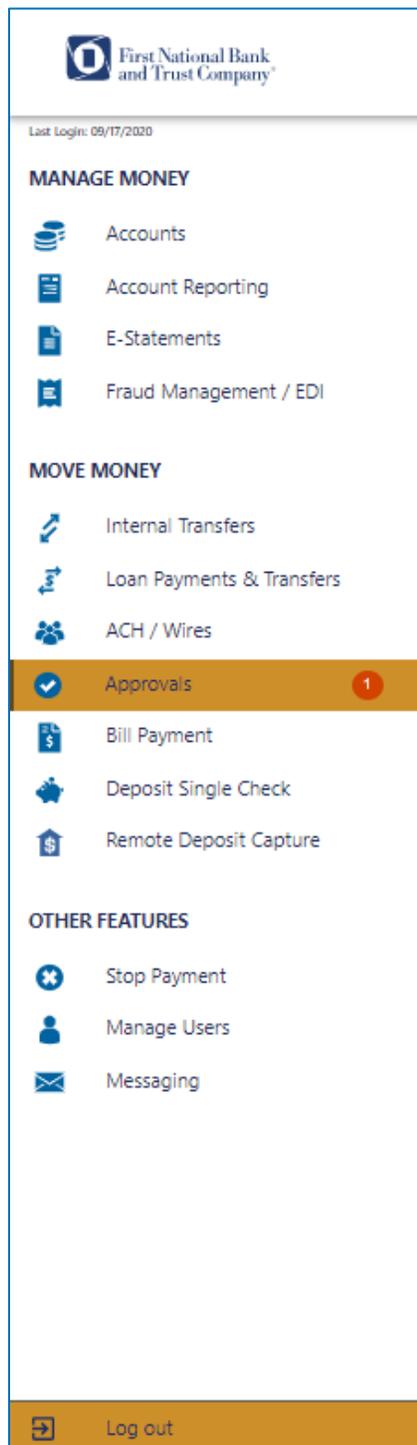

**Information Reporting:** Up to 2 years of transactions and 3 years of statements are available.

**QuickBooks ®, Quicken ® or Mint ®:** Ability to import all current account transaction data safely and automatically in the software.
